Service of Repentance & Healing to be Held March 27

In a spiritual partnership with leaders and members of Journey Church in Columbia, SC, WSUMC will host a Service of Repentance and Healing on Sunday, March 27, at 5:00 pm the sanctuary. Hosted by the WSUMC Racial Justice Action Team, this special service will include testimonies, prayers, and the choirs from both Washington Street and Journey Church. Pastors from both churches will be leading the service. This special service will also be live-streamed on WSUMC's YouTube channel. Seating is limited, however, you may reserve a space online at www.eventbrite.com/e/service-of-repentance-healing-tickets-287898521227, or you can email Jane at jane@wsmethodist.org.

About the Service

Recognizing that if we do not acknowledge the sins of racism in our past and present, individually and systemically, we cannot hope to understand and heal the wounds of racist comments and actions. The service will include elements of confession and repentance and the repudiation of the times when this church has been silent in the face of racial injustice.

Social distancing is still encouraged. Masks are optional.

"When the RJAT was formed, one of our plans was to hold a Service of Repentance and Forgiveness," says RJAT Coordinator, Nancy Whittle. "The purpose is to repent of the sin of racism, white privilege and our participation in it, seek forgiveness, and to recognize the need for healing for those who suffer from racism. WSUMC is thankful to partner with Journey Church in this effort and look forward to continued opportunities to dialogue and build relationships that can lead to transformation."

Journey Church was established in 2007. Journey is a Christian church connected with the South Carolina United Methodist Church. Journey mixes a modern style with some of the traditional practices of the Christian church. They are committed to making disciples. Their core values vow for members to offer their prayers, presence, gifts, service, and witness. Their prayer is "O, Lord, draw us to the people who need us this day

and those we will need to build Your kingdom and help You do more. Amen." You can find out more about Journey Church at www.journeycolumbia.org.

Easter Hydrangeas On Sale Now!

We will be selling hydrangeas for our Easter service this year. These plants come in eight-inch pots, have 5-6 blooms, and measure about 22 inches tall (including the pot.) They make splendid Easter gifts. The plants are \$30 each and can be purchased through April 4th. Please complete an order form along with your payment information.

We will also accept donations of plants to be used in the church's cutting garden that was started in 2008 by the Active Faith Small Group. This mission has allowed us to establish a source of sustainable greenery and flowers for our beautiful church arrangements.

You may pay for the plants online at wsmethodist.org/giving (Realm Connect), by dropping the form and payment in the offering plate, or by dropping off your order form to the Church Office with your payment. **ALL ORDERS MUST BE RECEIVED NO LATER THAN MONDAY, APRIL 4.** Forms are available in the office or online at wsmethodist.org.

If you do not wish to purchase a plant, you have the option to make a memorial or honorarium for \$10 per designee. These individuals will be listed in the Easter bulletin insert. Funds collected will benefit the WSUMC Flower Fund.

Heifer International Living Gift Market Results are In

Donations to Washington Street's 2021 Living Gift Market were donated to the Future of Food project in Ecuador. Our members donated a total of \$1,983.65.

Heifer International's Future of Food project aims to close the living income gap for 100,000 rural Ecuadorian families through sustainable agricultural systems. This project accelerates innovation and access to investments for farmer-owned agribusinesses that create high social, economic, and environmental value. Future of Food improves nutrition and increases incomes for 18,000 small-scale farming families in the Pichincha, Azuay, and Galapagos Provinces by 2025.

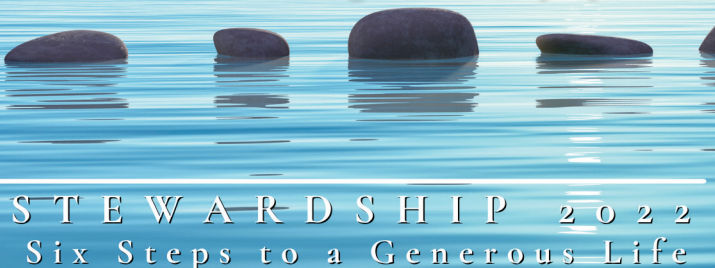

The Future of Food project responds to current demand for healthy food that is produced in an environmentally sustainable and socially friendly manner. Project activities include agro-ecological trainings on irrigation, organic fertilizer and pest control, and organic certification processes. The project applies research to innovate and adapt production and harvesting practices so farmers can efficiently respond to market demand. Their goal is to raise \$3.7 million between 2020 and 2025 reaching 18,000 families.
